**Charging Temp:** 0C to +40C (32F to 104F)

**Storage Temp:** -20C to +40C (-4F to 104F)

**SIMPLY SCAN!**

So simple anyone can use it! NO drivers, software, programming or complicated setup... The unique ChipID is automatically typed into the current application on your device.

View the ChipID on-screen or scan into your PC, handheld, phone, iPad or tablet.*

Designed in the Canadian oilfield, ruggedized IP67 for tough applications.

Optimized to read small plug tags (<8mm) embedded in metal, plus other HF tags.

---

**Now available in**

*Class 1 Div 2 Hazloc-Certified!*

Works like a Bluetooth keyboard... simply scan to send the unique ChipID to the current application
